Did the bio reach you? I took out the part about attending the Chopra Center Ayurvedic course. Would you rather that I kept it in and resent it to you?

Groopman explains that the most conventional (and effective) way to transmit gonorrhea is through fellatio, because the urethra can come into contact with the human pharynx (throat). The pharynx is a breeding ground for resistance in gonorrhea.

Good morning! This just to thank you for what I heard yesterday. Again you proved what a great guy you are, and such a generous, loyal and wonderful friend and person. Your ethics are exactly the opposite of the person you spoke to. And on top of it: this was one of the smartest conversations I have ever heard. You are soooo good!
