We can talk it out. Maybe both, but the NGO. Gives you little. And is old thinking. It allows a tax deduction in the states. ( at the cost of the govt being your partner “ But otherwise , requires filings , public etc. “ ). press . private. protected. . access, legal niceties. ( salaries . Etc ) .

My best guess is that it becomes impossible for him to sit at a table of leaders. And have any gravitas left. Especially if a video of them making Saudi sausage surfaces in the press

Idi amin was ok , until they had a video of him eating the liver of his opponent. The past did not have the internet. Where the leaders are seen in real time shaking the hand of the butcher. Tricky. But it's not what I do.
