That's the million dollar question. Ideally you don't get yourself into such situation. Now he has to choose between two bad options. But he showed weakness and he won't be able to be strong anytime soon.

Two separate issues. 1. He is a tax evading crook. Big penalty. 2. He did not cooperate fully, 3. He said trump directed campaign violations and other officials knew of this lie telling with regard the Moscow project. Tax evasion 53 months. Take off 5 , so recommend 4 years. And lying to congress. No biggie. As they recommend serving concurrently. . basically they said that he refused to cooperate which would have required him turning in his relatives.
