Serious idea. In your faith , isn't there a procedure for a " sheep thats lost his way ". A religious intervention ? Do you join Romney in his criticisms. -There is one marked characteristic, however, of sheep going astray which I must not pass by. They never come back by themselves. They are so silly, stupid, and ignorant that when they stray they never can find their own way back to the fold. The shepherd must himself go after them and bring them back, or never, never will they come back of themselves.

Romney just played an elegant move. Timing right. Move right. The pieces on the board have and will continue to morph, you need to be either in the game or in the bleachers.
