Woody says not to give book a moment's thought. The bookstores are full of trash - Enquirer level junk that means nothing. Woody has had the same experience and knows what he's talking about. Don't read book but make sure hour lawyer does just in case there's a crippling lawsuit to be had.

The books do no damage and the reading public even for Roth and Updike is minuscule. A

tv documentary could be hurtful because millions see the smallest rated ones but no book, especially this kind, even if it sells a lot, and you can imagine the level of audience for this type thing, s very tiny.
