Thanks. I feel like I'm knocking head against a wall playing for something that won't happen and if it did could easily end disastrously. Is greedy fuck really about being in a hurry for a fun weekend rather than an imf briefing? Or is greedy fuck about wanting a new life or getting to have a wife and a half

Big positive is that you get to have mental time dealing with romance and its benefits and burdens . Rescuing yourself from the boredom of one more speech talking about things you know by rote and trying to appreciate the applause of those that you do not truly hold in the highest of regard

Not worth it. Rather find a problem and try to solve it. I am way smitten w her so would sacrifice lots for being w her. But this is not that interesting to think about. I like relationships without drama

Every and each relationship will have its own flavor of drama. And your desire for the cake whilst eating it does present a small hurdle

Possibly right which leaves the question of what I should do. Not sure that deciding I don't need any attention affection is so viable.

I'm not so sure that being mentored by me, having me support her child, being elevated to a leader on China in global economy by collaborating with me and getting to have me as partner if she can find courage to tell her parents is really so useless.

Do you think a statement to the reporter asking about the charity , something like, he paid his debt and is trying to do good, the charity does not use my name. should be applauded. Etc ?

Maybe. Suspect everyone will be reluctant to be comment. There is a statement from Derek Bok who is seen as a moral force saying good to take funds for good causes. Perhaps someone could quote.

Mr Epstein has accepted full responsibility for his actions , served time , provided restitution. He is attempting to give back , quietly, through continuing his philanthropic work for those less fortunate than himself . He remains committed to both philanthropy and funding ground-breaking scientific research.
