How long are you in Paris? I came back to Bratislava last night, now departing for Beijing. Back Saturday morning.

They are recorded but they are in postproduction now. Finished versions won't be ready till May. Raw audio will be available before then and I can send you that when we have it.

The Russians hate Poroshenko, so this could be good for helping to solve the conflict. But I have no idea if he is capable to run the country.

Ha.. this would be hysterical if it weren't so stupid.. This is some "landmark study" that was taken of a sample of women at a "women in physics" conference for undergraduates.. not like this would be a biased sample or anything.. https://www.nature.com/articles/d41586-019-01303-6?utm_source=Nature+Briefing&utm_campaign=8c65730c3b-briefing-dy-20190423&utm_medium=email&utm_term=0_c9dfd39373-8c65730c3b-44001237.. Here is the quote: "Aycock and her colleagues recruited students who identify as female and who were attending one of the Conferences for Undergraduate Women in Physics, a series of meetings held at various universities. The scientists asked participants to answer a questionnaire about sexual experiences,...

Of the 455 people who responded, 338 reported experiencing some form of sexual harassment, including gender harassment — such as being ignored because of their sex or gender, or being told inappropriate jokes — unwanted sexual attention or a combination thereof during the previous two years. The incidents had taken place in settings associated with physics: including in research labs, classrooms or university departments, or at work-related events."

How

do you know that you are being ignored because of your sex or gender? Could it be that you are ignored because you are not very good? Anyway, it is a remarkable world...
