a maze has a way in and a way out. usually with a center where the cheese sits in waiting. looking down on the maze allows a third party to simply point the way out. otherwise the correct solution is to always follow the right hand wall. and you will eventually be free. . i wonder where my right hand wall went?

in fact the philosophical difference from the right and the left is for the left....salvation is collective for the right it is individual.....well nature just show that life is produce in great number and only a few items go to the next levelaccorns, salmons eggs, sperm....in physics many univers....only the individuals can make it to the next level....what ever that maybe....light, consciousness , expansion are acceptable concepts

I really thought about the question That you asked me. what it could change my life? at first I think I have to leave the family home. I do not feel free with my body, my mind, I do not have any privacy, I can not express myself as I feel. Then I need a decent job that teaches things m and can afford to be blown. I ve also need to have my own car which will allow me to make savings taxi and uber. I want to take some acting course , i think its gonna Help to understand me And Being more opening , more comfortable .

I have spent 150 euros tonight for a one way ticket to Paris with easyjet and I still need to get the Way back. Now I'm in Rome. The train Rome Milan back and forth is 178euros. Then the taxis to go and go back from the airport: 50 euros each time. So just for basic travels it's almost 600 euros. If I spend this amount+rent+daily needs EVEN if I work I have absolutley NO idea how I'm gonna stay in the budget..... No idea
