I agree with Woody – it's the thought that counts and that you're thinking of the Hermes Apple watch with the gray Hermes strap is more than enough for me. You don't actually have to get it. A simple picture frame will do.

I knew you'd be able to read between the lines. I just did my DNA kit. What is the point of it if I have to provide all the information like my name, birthday month and year? Shouldn't it be anonymous and they should be providing me with that information? Isn't that the whole point?

Hello, Jeffrey! I'm sorry for not getting in touch on you upon my return to Moscow. I would like to thank you for such a wonderful trip! I also want to stress that it was a great pleasure for me to get acquainted with you and i will do everything in my power to be very helpful. Thank you for giving me the chance to visit Paris. I would like you to know that i am really worried about the fact whether i will be able to write you in Skype or not. And sorry for my little care of you. I haven't such a big experience in this job. Moreover, limited time made me feel not in my element, but i am ready to move on. I just need a bit more time that we had. I have already begun to study everything i need to pass exams and [REDACTED] helped me - give her application for iPhone. Thank you once more for the unforgettable trip! really liked it! How are you getting on? Please, keep in touch! I'm looking forward to hearing from you soon!
