sorry, it does not appear that you understand . I can not make my plans around your schedule. . This was a test. and you failed . I told you clearly that my hours are variable , and sometimes long. the fact that you think going to sleep a little earlier, is important to your life. , leads me to believe you still don't understand what it means to work. sorry again , you should talk with svet . I am very disappointed. but its your life
