Hello) Thank you for your attention. I think, that you have a holidays and i'm going to write you tmw. In general, my study is very good. I practice every day, and how teachers said i have a good results right now. I pay more attention to subject like english for work and talk by phone, how you said me in the last conversation. Today we were in the Tretyakov gallery with my english class, i think it is good for me for increase understanding english speaking. And i try to speak more with a teacher, and take more online lessons, as addition to lessons in english school for more competent speech. I think it is my problem, in a real life i start to speak so fast and as a result i make so many mistakes. But i working on it now so hard. So, how are you? Maybe i can do something or study something more for you?
