He is missing 3 more investors. If you know someone interested in sponsoring films... I think the movie is great

I think 300 thousand x3 (I'm not sure) I will ask him again and will tell you tomorrow the exact amount. Don't want to say something wrong. I know Bulgari is also sponsoring (

first time they sponsor a film)

Jeffrey you will think that I am crazy but I have dreamt of this exact scene like 6months ago with almost the same scenario. I was having sex with a young version of you on your white bear fur carpet that you have in Paris but it was placed in front of a big fireplace in an old medieval castle with wooden walls. I remember laying on the bear fur and feeling how soft it was. The only detail that is missing in the script is that you were also sitting in the back corner of the room in front of your computer watching the scene of me having sex with you. I knew you were there but I couldn't see your face because it was hidden by the computer. It was a really weird dream that I still remember and when I read this scenario it reminded me so much of that dream

So if the actors he chose are good why wouldn't the film be good ? The story is interesting. When Oliver started his movies no one would believe in him and financed his movies and

now he became a great director

i wish him well. . however just like in most things , and like oliver he had TALENT. then with practice it becomes art. . also oliver was 40 years ago. now digital is cheap, and all you need to do is to look at your guys resume and short films that he made. sorry. however it would be good for you to learn . no downside. and cute people.

And you hate me so much that you want me to get a job just to keep me busy so that you have an excuse not to see me anymore. You tell me to work when none of the girls around you is really working not even your girlfriend who pretends to be a dentist even if she has a degree since she doesn't have a job. Then you keep saying to me I need a job but you don't help me find one but instead you help everyone else for internships. I have to do everything on my own. When I told you I might go work for Alaïa you didn't even ask me what it was about. You don't know where I am, what I'm doing and how I'm doing which means you really have 0 interest in me since you never call me to ask and not even answer the phone.

If I told you I came to NY for an internship you would find another excuse for me not to come just to keep me away from you. How do you think I feel about this ???

What answer is this. This is exactly the way I feel. I was a better person before. I am so psychologically devastated now that I'm totally losing my mind. It's also been 2 years that I never had a boyfriend and can't go with any other guy because my mind is elsewhere.

I'm sure you have heard it before , - take responsibility for your own bad behavior and try to stop blaming everyone around you . You have gotten support, advice , guidance. trips to china, parties. schools. and each time you choose to violate clear understandings. I m sorry. Why don't you show me and others that you are capable of keeping your word , instead of acting out , sweating crying screaming. . it would take much less effort.
