I'm here in a cold, snow and a little place I have study and examines during the whole day since 12 of January till the end of this month. Therefore I called in a law company and told that I can come only after my examines, they agree, but there is work with out hard schedule, it means that I must come to 9 a.m. -officially till 7 p.m., but they prevent me that so often they have short deadline and you must to be on work till 9-10 p.m.. Its not bad, but I need time for improving myself in english, therefore I have one more interview,

I'm going to attend this one, on this work I will have more free time - since 10-6p.m. Work hours and I will have not soo busy day. I think it's much better certainly for my English and for possibility of flying to you. Anyway I will try get the second work. What do you think?

The first question is do you need any work in order to get your degree. ? do you want to work? . in the states work is required sometimes by the school. . It doesn't make sense for you to kill yourself for 500 dollars a month. if it is not really good for you. . if you didn't work but studied english, rode horses. learned massage. would that be enough to do. or would you be bored
