Will do. I'm arriving in Los Angeles on June 6th. It would make sense to stop at Zorro for a day on the way over to the island since I have the whole weekend free.

part of the first task will be for the island to look like zorro in terms of cleanliness details.

Have you considered installing a hard surface on the island roads near buildings? I noticed that the dust from vehicle traffic gets in everywhere. A concrete/gravel mix in those areas would still look natural and blend in with the surroundings.

new procedures 1. the beach cleaner should be run along the entire beach, after cleaning up the big stones. at least once a week to eliminate sand flies, 2. I want to arrange it so that most of the work is done when I am not residence, even it means that landscape works weekends and not weekdays, too much noise when i am here. 3. uniforms. clean equipment clean , 3, replant bottle palms from flagpole pool , on new beach area. pokey to make shade house. . 4 replant flagole bed with sod for the moment. . 5. still need head gardener.
