I want you to cherish love and romance and at the same time not rely on hope to pay your rent. Your parents worked, to earn a living to help you, they could not pay the rent with hopes and wishes. Its up to you. now. take risk , learn a skill. stop complaining and get moving. sitting at home helping your mom is short term good long term bad, you need to have a career that enables you to help her future, sitting home and reading is not the answer
