you know much about a lot of things , but little of finance and biz. Im certain you can learn it , but its a 5-ten year process. . like surgery, start ups again, is skill set that you could develop over 6-10 years . ok with me, but I'm not sure its the best path

Since the first they I've met you I told you 2 things:  
1) I don't want to get involved in orgies and be the girl who "brings you girls"  
2) I will not have sex with your friends

Helps to have experts around you. Seems like most start up ppl have an idea and minimal skills. Levchin had no finance background when starting PayPal etc.

Should I not even try?

Young entrepreneurs get a million chances but not sure I will. Feel like I have one shot - if that.

All orgs have really high acquisition costs to reach this huge group. But I built their whole continent wide network using bills money. So I know it inside out.

The IFC folks and MasterCard and me will put together a deck and a story etc but want to really test it out and refine.

Marc Andreeseen wants to help me do "something cool" so I can probably get his input but he doesn't travel so he can't come

in the real world when people get caught stealing they pay for it for years , not hours . not minutes . and when they steal from friends people who trust them , they get extra time. the idea that your mother would forgive anything you do is true but unuseful
