## Personal Essay

Please choose one of the following topics and write an essay of 300 words or fewer.

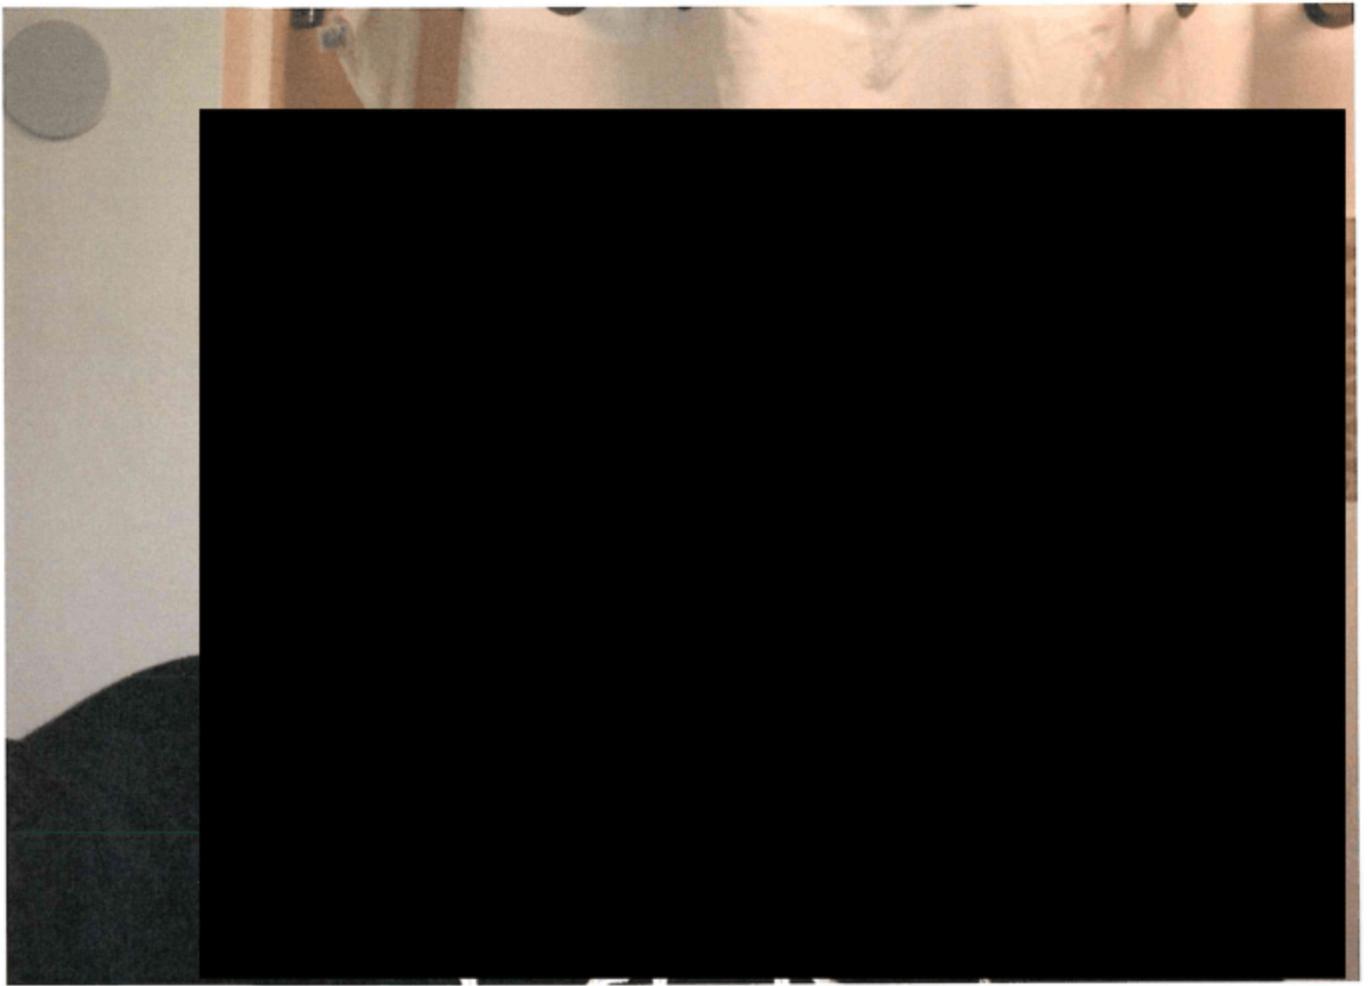

1) With Facebook, Twitter, and Instagram on the scene, which of these do you think is best and why?

August 10, 2018

Who is the greatest influence in your life?

I would have to say that my biggest influence is my mother's boss Mr. Epstein. The company he has built by himself is motivating. My mom has worked for him for 15 years, which is majority of my life. Within those 15 years, I've grown to want to become someone like him. He is a successful independent entrepreneur that never has to answer to anyone. I have always been a very independent person or at least I've tried to be and one of the reasons is because of him. Another reason I find him to be an influence on me is because he is unselfish. He hardly ever thinks about himself and tries to make sure that everyone he works with or works for him is comfortable once they are getting the job done. I've seen workers have family issues and problems where they need help or can't come into work and he never give them a hard time and always ask if there is anything that he can do to help. I would like to see myself in the next 10 years to be someone like Mr. Epstein or at least someone close to the person he is. He motivates me to think big and be a better person towards others and to improve myself.
