Additional information on your order:

This is a special project, Brice wants to keep measurements exact, he will be creating own frame to attach panels to. Brice is aware 2 1/2" slats require 1 7/8" in clearance. Brice is aware The Shutter Store is not responsible for any install issues. Range changed to Classic Poplar per Brice's request for a smooth finish, color sample picture declined. Hinges will not be included or attached as per Brice's request. SC Closet will be the only shutter without recessed magnets per Brice's request. A commercial invoice will be included with shipment. Requesting for factory to make top and bottom rails 3" wide, Brice is aware factory may waive shutter warranty if they can accommodate this request. CAD diagram declined by Brice.
