You will not commit any act or omission that will result in a breach of any such Export Restrictions. Your breach of this clause shall constitute cause for immediate termination of this Agreement.

The Software is not designed, manufactured or intended for use or resale as on-line control equipment in hazardous environments requiring fail-safe performance, such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems, in which the failure of the Software could lead directly to death, personal injury or severe physical or environmental damage ("High Risk Activities"). Kingston specifically disclaims any express or implied warranty of fitness for High Risk Activities.

This Agreement is the entire agreement between us and supersedes any other communications or advertising with respect to the Software. If any provision of this Agreement is held invalid, the remainder of this Agreement shall continue in full force and effect. Kingston's failure to insist upon or enforce strict performance of any provision of this Agreement shall not be construed as a waiver of any provision or right. **Kingston and you expressly waive trial by jury with respect to any matters arising under or relating to this Agreement.**
