[REDACTED], DOB [REDACTED] was interviewed at [REDACTED]. Present for the interview were AUSA [REDACTED], AUSA [REDACTED], Task Force Officer, Detective [REDACTED] and Special Agent [REDACTED]. After being advised of the identity of the interviewing Agents and the nature of the interview, [REDACTED] provided the following information:

[REDACTED] states that she wants to help with this investigation and that she has a [REDACTED] daughter at home. [REDACTED] advised agents that she has never talked to anyone about what happened to her other than her husband. Her husband currently works as [REDACTED]

[REDACTED] stated that she grew up in West Palm Beach and has been there since she was about 3 years old. She attended [REDACTED] in West Palm Beach, [REDACTED] and [REDACTED]. While in high school, [REDACTED] worked at [REDACTED] when a co-worker named [REDACTED] approached her and asked if she would like to make \$200 to give a massage. [REDACTED] recalled being about 15-16 years old when she was working at [REDACTED]. [REDACTED] recalled agreeing to do it, and a date was set. [REDACTED] told [REDACTED] that if she is asked to show ID to state that she left it at home. [REDACTED] described [REDACTED] as skinny, very Italian looking, having long dark straight shiny hair reaching his ears, about 19-20 years old and about 5'9"-5'10" tall. [REDACTED] was not sure what [REDACTED] got out of recruiting her.

The first time she may have followed [REDACTED] in his car while being driven by her friend [REDACTED] to EPSTEIN's home. [REDACTED] was not sure how [REDACTED] knew EPSTEIN. EPSTEIN's home was "not on a wide portion of Palm Beach" and the ocean was on both sides. When she arrived, she went in through the side door. [REDACTED] and BRANDY came inside with her. They were met at the door by a

woman named [REDACTED] [REDACTED] was little, with short blonde hair, pretty, about 20-22 years old and was holding a notepad. [REDACTED] recalled a chef being there. [REDACTED] took [REDACTED] upstairs into a bedroom/massage room while [REDACTED] and [REDACTED] waited downstairs. She recalled there being a bathroom attached, with a shower that took up a large area of it. The shower had clear glass doors. There were mirrors and sinks, and closet doors near the shower. The interior was gold, beige, ivory and neutral colors but very detailed. There was a basket on the floor with towels, and there was a scale on the ground and a massage table.

Eventually EPSTEIN walked out of the shower totally naked and proceeded to dry himself off with a white towel. He went into the closet for a few minutes, and then came out with a towel or robe covering himself. He then hopped onto the massage table. At the time, [REDACTED] did not know what was expected of her and did not even know his name. [REDACTED] just figured that it was normal and how people were massaged. While on his back, EPSTEIN initiated conversation with [REDACTED]. EPSTEIN asked her where she worked and lived and if she had any pets. When he asked if she had pets, he told [REDACTED] that he can tell when people have pets because they typically massage their pets, and are good at massaging people. EPSTEIN asked her what she wanted to do with her life. He offered to pay for [REDACTED] to learn how to massage, and offered to give her books on massage. [REDACTED] told EPSTEIN that she was a cheerleader in High School.

EPSTEIN could tell that [REDACTED] was nervous so he instructed her on how to massage him. The massage started with EPSTEIN face down. Eventually he rolled over. At some point while on his back EPSTEIN proceeded to either lift up her skirt, or pull down her shorts (unsure what exactly she was wearing). [REDACTED] was made to take her breasts out of her shirt. She may have been wearing a white half buttoned shirt. EPSTEIN grabbed and touched [REDACTED] on her breasts and butt and her "front" as he touched himself. [REDACTED] was touching EPSTEIN's stomach at this time. [REDACTED] never fully undressed during this time and believed her underwear was still on. She remembered specifically what bra she was wearing because she thought to herself it was "super crappy" and didn't think it would "do anything" for a rich guy. Then he "finished" and hopped off the table. EPSTEIN acted like it didn't happen and acted like he was a nice guy. He did not walk [REDACTED] out. After the massage was done, [REDACTED] gave [REDACTED] money. At some point

after this, [REDACTED] gives her phone number to [REDACTED]. She then left with BRANDY.

[REDACTED] was called by [REDACTED] to come back to which she agreed. [REDACTED] stated to her on the phone "Mr. Epstein would like you to come back". [REDACTED] may have went to EPSTEIN's home alone the second time. [REDACTED] was more nervous the second time. She recalled the second time being worse, and because of that she never went back after that. [REDACTED] was at the house as well the second time. [REDACTED] remembered going back into the same massage room as she did the first time. She did not meet anyone else along the way. Again, after the massage was completed, she was paid \$200 by [REDACTED]. [REDACTED] did not feel comfortable discussing the details of her second visit at this time as she recalled the events being worse than the first.

Since that time, [REDACTED] called [REDACTED] about 4-5 times asking her to come back to which she would make up an excuse on why she could not go. She would tell [REDACTED] that she is out of town; [REDACTED] would in return get annoyed and mean to her. Eventually [REDACTED] told [REDACTED] that she is pregnant and she cannot go, and that is the last phone call she received. [REDACTED] was not pregnant; she stated that she was as an excuse not to go back to EPSTEIN's home.

Since her last visit to EPSTEIN's, attorneys have attempted to contact her about a civil case but she did not speak with them. [REDACTED] has never spoken with any police, FBI or prosecutors about this investigation. [REDACTED] does now recall telling a friend named [REDACTED] about the incident only a few days after she went there. [REDACTED] is still friends with [REDACTED] to this day.

[REDACTED] recalled being about 16 at the time because she had her license, and was dating someone named [REDACTED]. There is a possibility that [REDACTED] did not have a license when she was visiting EPSTEIN. She also knows she was 16 because she met [REDACTED] while working at [REDACTED]. By the time [REDACTED] had turned 18 years old she was no longer working at [REDACTED]. She remembered leaving [REDACTED] around 17 years old. There may have been a time that she drove herself there, or [REDACTED] drove her. [REDACTED] is not sure if anyone asked her what her age was at EPSTEIN's. [REDACTED] states EPSTEIN may have asked her for ID, and she may have stated that it was at home. She may have stated she was 18 years old. [REDACTED] is not sure about this detail.

[REDACTED] is not sure what her phone number was at the time.

All of the details of [REDACTED] experiences with EPSTEIN were not discussed during this interview.
