apartment.

SCULLY then makes the following statements:

SCULLY states that EPSTEIN had a type. He liked blonde girls. He didn't seem to like Asian girls.

He had a bed in his office.

EPSTEIN had workers rebuild his cabana completely because they did not use stainless steel screws. He thinks this was post 9/11.

On one occasion SCULLY arrived on the island and there were five girls on the dock. SCULLY was told they were all Victoria's Secret models.

BOSCOE told SCULLY that [REDACTED] did special projects for EPSTEIN. SCULLY only saw [REDACTED] on the island one time and BOSCOE told him her name.

SCULLY has seen ALAN DERSHOWITZ and ANDREW (his bodyguard) in the kitchen at one point.

SCULLY went up to the kitchen while talking with MILES and [REDACTED] walked in. He said, "not right now [REDACTED] I gotta deal with this".

The news showed SCULLY a picture of [REDACTED] and he recognized her immediately. It was an older version of her. He recalled on the office wall there was a young picture of [REDACTED] BOSCOE told SCULLY that she was 20. She had blonde hair.

There was another picture in the bedroom of [REDACTED] and EPSTEIN in the bedroom but they were both clothed.

The blue and white building was not there when SCULLY was there.

The checks came from out of the New York office. They were sent to the American Yacht Harbor office.
