Re: Meeting with [REDACTED]

Date: July 8, 2019

On July 8, 2019, I drove to [REDACTED] Siciliano's residence located at [REDACTED]. I arrived approximately 10:40 am, knocked on the door and [REDACTED] opened the front door. I introduced myself, at which time, [REDACTED] became very agitated and angry. She stated that she does not want anything to do with this case, I went on with my life plus I have a husband and children. Then she paused for a moment and asked if this is about the Epstein case, I told her yes. She then said that she has been contacted by other people too about him.

[REDACTED] went on to say that she has been in communications with other girls, who were involved with this case and they have also been bothered by the media. These girls are not happy that people are knocking on their doors. In addition, these girls have told [REDACTED] that their spouses are not aware of their involvement with Epstein. I finally was able to explained to [REDACTED] that the purpose of my visit was not for the criminal trial but the ongoing civil trial. This civil trial is to provide possible remedies such as counseling for the victims. I explained to [REDACTED] that I have been asked by the United States Attorney's Office from the Atlanta Office to locate and speak with victims that might have a possible connection with Epstein.

[REDACTED] said that she doesn't need any counseling and that she has gone on with her life. I stated to [REDACTED] that she's one of the very few fortunate ones that has been able to overcome her past and make a better future. Before I departed, I thanked [REDACTED] for her time and wished her well.
