I just wanted to submit a tip about Jeffery Epstien. I talked to him on the dating website seeking arrangements which is for meeting richer, older men. I have had several accounts cause I always get bored and delete them. He was on there. I have one email from 1/4/18 that says "You received a private photo request from Jeff171817" it's possible that was his display name. Only I am fairly certain it was TheRealJeffery and then it had numbers after it. Whatever the case I recognized his face immediately in the news. He was on SA and I haven't a single doubt about it. I was setting my profile to say CA even though I am in MN to talk to people in LA. I was thinking about moving there. He had multiple pictures of himself on the website and some with celebrities. That's how I

remembered him cause that got my attention. He did have a picture of himself with Hillary on the website. I don't remember who else. My profile was me stretching and talking about how I'm taking contortion lessons and he was interested. He was very bossy, he thought it was important to assume the "dominant" role from the start but I wasn't interested as he kind of freaked me out and looked like an older version of my cousin. I didn't say anything at first cause all convos are deleted after 170 days (although i don't remember that happening before and seems like a new feature for the site) and my profile I talked to him with has been deleted. I don't have the emails from the account I had actual convos with him from and I couldn't find out or remember what numbers had come after "TheRealJeffery" but then I saw a different one of my profiles had a request from Jeff171817 and thought maybe that was him and "The Real" was on his profile? Or maybe this really is a different Jeff. In any case, Jeffery Epstein was definitely on Seeking Arrangements and used it to meet women. No doubt in my mind.
