Re: 31E-NY-3027571, 07/12/2019

██████████ and her friend would attend parties and sneak out of the back door, get some food from the kitchen and back to their flat. ██████████ left Paris for London with her friend and when contacted by ██████████ inquiring about her departure to another agency, ██████████ told ██████████ because of what she saw in Paris with minors and drugs.

██████████ never met Epstein during her stint in Paris. ██████████ remember ██████████ was interviewed one time regarding the alleged sexual abuse of minors and the parties and drugs involved, ██████████ remembers ██████████ denying knowing anything. ██████████ said that was a lie, she told ██████████ everything she witnessed while in Paris.
