█████ lesson.

█████ stated that she lived on ██████ and Epstein lived on 71st Street, the day of Epstein's lesson ██████ walked to his mansion, was let in by a butler and was told to sit and wait in Epstein's office. ██████ then took an elevator to Epstein's gym. ██████ described the gym as being wallpapered with images of naked young women; Epstein explained he was a photography fan. ██████ realized shortly after being there that Epstein did not seem interested in a ██████ lesson, as he was not listening to what she was telling him to do, but wanted his back massaged. ██████ did not want to make it obvious that she was uncomfortable, so she made Epstein perform exercises that were difficult, he became annoyed and frustrated after about 35-45 minutes, and ██████ was able to leave the home quickly, with nothing else happening. ██████ never saw Epstein, or the unknown individual who worked for him again.
