Story Time with a dead man Anonymous 07/02/20(Thu)01:05:33 No 25409798

I'm going to kill myself tomorrow, /x/. I'm also sending 3 packets of copied information to the media, one to CNN, one to MSNBC, and one to Fox News. You all will have to see which one tells the truth about the information they receive and who doesn't. I trust 4chan to do this because of our history of releasing legit info in the face of mass media coverup.

I have been a professional driver/security guard for a circle of very wealthy people for almost 8 years. I started by working the door at a private gentlemen's club outside of the DC area. From that job I was introduced to some employment managers for Jeffrey Epstein. Because I had experience as both a cab driver and a bouncer, as well as always overlooking and keeping my mouth shut about the drugs and prostitution my employers at the club profited from they thought I'd be a good fit to work the weekends for Mr. Epstein. At first, I didn't do very much, definitely nothing important. I would run errands mostly, and do anything my manager (who reported directly to Mr. Epstein) wanted me to do. So say the gardener calls out sick one day, it would be me mowing the lawn in his place. I was sort of a floating general helper. Inevitably I ran into Mr. Epstein now and then, and he was always very personable, enthusiastic. I had heard about his original court case and the rumours and everything, but just meeting this guy made me feel like it was all a lie because he seemed so kind, and genuine. I thought he really was just this hot shot money man, like a Bruce Wayne or Tony Stark kind of figure. And I think, ultimately, that's how he wanted us all to see him. His god complex was, to say the least, very developed.

This one is quite disturbing compared to the other videos on my channel, but I felt like this was necessary to be shared rather than being buried and forgotten.
