**Submitted Text:**

I am very concerned for my safety - which I why I have not come forward sooner. I have talked about these incidences [REDACTED] for years, and this has been documented. With everything happening now - I feel it is important for investigators to know Jeffrey Epstein, and MANY other powerful, rich, famous people were involved in trafficking me as a sex slave for them when I was 13 years old. [REDACTED] was in the freemasons, and he somehow made contacts with these pedophiles and sex traffickers. I was raped by over 176 different men from June 1984 to September 1984. They even murdered a child I gave birth to while on the boat. They dumped her body into Lake Michigan. I didn't know just how powerful

these men would become - until years later. There's even more to that story. There were actors, musicians, politicians, athletes, royalty, and just very wealthy men. Will my identity be able to be kept confidential? There are people who would/could easily make me disappear if they knew I was still alive and have started talking.
