Subject: [EXTERNAL] I am a unknown MAXWELL/Epstein victim

Hello Wendy,
I hesitated to contact anyone because I wasn't sure I was a victim. Both cases have been triggering and took me this long to come to the conclusion I was a victim of them and MANY others they all knew. I have some information about Maxwell that may still help or be of importance.

[REDACTED] I have met them all, known them, been at parties with them. Epstein's partner Jean Luc Brunel was my agent, who is the MAN who for 40 years traffic women internationally. He is 100x worse than Maxwell.

Maxwell is bad and guilty but she is nothing compared to him.

If you are interested in more information or stories about them/Maxwell please let me know.

Thank you for all,
[REDACTED]
