You need to contact Dr. Bravermann University of Jerusalem. He will have info on Epstein no country likes a pedophile. I am going to try to expose as much of Epsteins cash I can find. Bravermann along with the Venezuelans and others are trying to protect me. Bravermann wants this messed placed right back were it started NY and Kissenger himself. Latin Americans can smell kissengers works from thousands of miles. I can not let the Americans get their hands on me they want this chip. Don't worry, I let DARPA know they were in violation with these chips check Lt.col. Lowell's e-mail. They can deny but the proof is in me. The Feds have not let the money my father deposited show in my bank of america account right now it stands at a negative. The chip is not FDA approved and the US implanted inside my body. There is not intel here just crime. I hope Dr. Chaves is on his way to Suisse the man is one of the bravest men you will ever meet he took on two nuclear powers and forced the pull out of lebanon. Dr. Bravermann can tell you how dangerous this chip is, one wrong move on removal and I die. If they inject me with Novocain they will not have enough time to remove it . Unfortunately they should not wait to numb me before extraction , the method is incision ,novacain, remove they can not go over 34 minutes. talk to Bravermann. I have a chain of custody and rules of evidence that must be maintain for this to be admissible in many countries.
