Roddy – Ari is out of the office today. She will follow up with you tomorrow morning.

Thank you,
Vahe

Why don't you just look at your existing clients, and have the back office send you the SIC codes for those similar to SF/ST? Have them mimic the one for JAWS, as it's the same kind of client. Hopefully, we can finally bring closure to this.

Hi Roddy,

Joe is on his MTA and I spoke with Caleb and Andy and they both do not know. Any other ideas?

Best,
Ari
